Prof. R.A. Brink
Dept. of Genetics
University of Wisconsin,
Madison, Wisconsin

Dear Dr. Brink:

Our plans are as follows: My wife and I will leave Boston Monday (Aug. 18) and hope to arrive in Chicago at 8 or 9 AM Tuesday. That should bring us to Madison early Tuesday afternoon. I suggest that I call you from the RR depot upon arrival; if you will not be available, perhaps your secretary could give us further instructions then.

The title for my seminar is "Genetic Recombination in E. coli".

We look forward to meeting you.

Yours sincerely,

Joshua Lederberg
